Re: Handloggers Warehouse Sale

Dear Scott:

I just wanted to drop a quick note to thank you for getting our building sold in Richmond. We are all aware that this recession has been a tough one and your tireless efforts over the last six months, calling on most of the industrial companies in Richmond, Berkeley and Emeryville finally paid off. You not only found an all cash buyer (given the banks aren't lending at this time) but you found someone who closed in 30 days and was related to our industry which made the sales process even easier.

Thank you so much for making our retirement dreams come true!

Sincerely,

Susan Mahoney
